

Comments concerning K Love Radio:

1. This station serves people who want to listen to Christian music that is clean, refreshing & God glorifying. My wife & myself listen to K Love daily.

2. To remove K Love & be replaced by other radio programming would remove why we listen to, support & enjoy K Love. There are plenty of other stations & programs & more are not needed. There are few Christian stations but more are needed so K Love should not be removed.

3. I believe it is in the public interest to have K Love because it is a witness for God & His love for people & relates the Gospel through music & comment of the announcers. This is a good thing & a positive thing in such a world of bad things & negative things
